PICHI FESTO

[EN]

Pichi Fest is an independent and self-managed fanzine festival held in Madrid. It celebrates horizontality, trans-inclusive feminism, and the spirit of Do it Yourself (DIY) and Do It Together (DIT). The festival aims to create a network that brings together the scattered fanzine community in the city. It organizes a fair in Madrid, self-managed by self-publishers, to offer an open and alternative platform that challenges the established circuit. Pichi Fest welcomes emerging creators, embracing the amateur and encouraging participation from those who have not yet made themselves known in this space.

The festival strives to be financially affordable, ensuring accessibility for all. It actively seeks non-hegemonic projects and fanzines that critically address various forms of oppression, such as racism, capitalism, heteropatriarchy, colonialism, and capacitism. Pichi Fest is committed to creating a safe space, free from discrimination and violence, where attendees can enjoy fanzines and connect with like-minded individuals, fostering a sense of community and a good time for everyone involved.

[ITA]

Pichi Fest è un festival indipendente e autogestito di fanzine che si svolge a Madrid. Celebra l'orizzontalità, il femminismo trans-inclusivo e lo spirito del Fare da Soli (DIY) e del Fare Insieme (DIT). Il festival mira a creare una rete che riunisca la comunità di fanzine dispersa nella città. Organizza una fiera a Madrid, autogestita dai self-publisher, per offrire una piattaforma aperta e alternativa che sfida il circuito tradizionale. Pichi Fest accoglie i creatori emergenti, abbracciando l'amateurismo e promuovendo la partecipazione di coloro che non si sono ancora fatti conoscere in questo ambito.

Il festival si impegna a essere economicamente accessibile, garantendo l'accessibilità a tutti. Cerca attivamente progetti non-egemonici e fanzine che affrontino criticamente varie forme di oppressione, come il razzismo, il capitalismo, l'eteropatriarcato, il colonialismo e il capacitismo. Pichi Fest si impegna a creare uno spazio sicuro, libero da discriminazioni e violenze, dove i partecipanti possono godersi le fanzine e connettersi con persone che condividono le stesse passioni, favorendo un senso di comunità e divertimento per tutti i presenti.

OGNI VOLTA CHE DEVO ANDARE A STAMPARE, MI VENGONO I SUDORI FREDDI, I CRAMPI....

Every time I have to go print something I break out in a cold sweat, I get a terrible cramp....

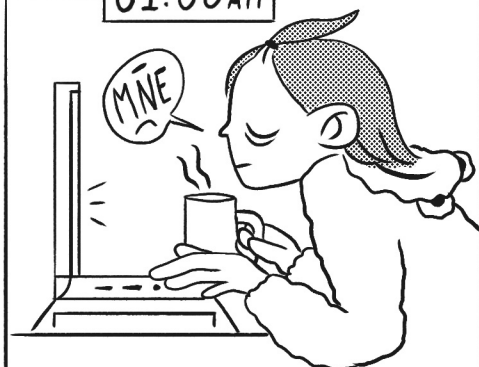

PENSO SEMPRE: COSA POTREBBE ANDARE STORTO? SONO SOLO FOTOCOPIE... MA POI TUTTO INIZIA A ANDARE MALE.

I always think, what can go wrong? They're just photocopies. But then everything goes wrong.

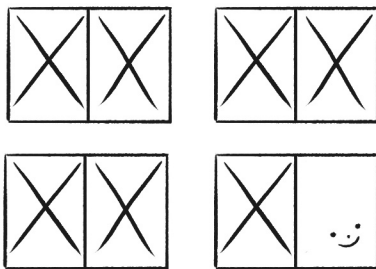

Why is there only one page per sheet? Did I forget to say it was in color? Aggh there is only one side of each page.

01:00AM

FORSE HO SBAGLIATO LA POSIZIONE DELLE PAGINE, ERO COSI' RINGHIONITA? LO FACCIAMO DA ANNI...

Maybe I got the position of the pages wrong?
Was I that tired? I have been doing this for years...

CIAOOO

ERANO RIMASTE DELLE FOGLIE DALL'INIZIO MA NON ME NE SONO ACCORTO.

Were there extra pages in the layout from the beginning and I didn't realize it?

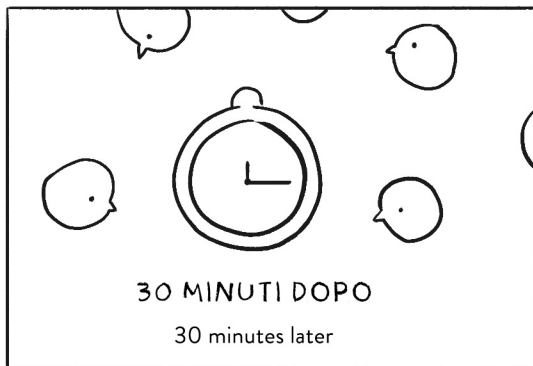

There you go

There are pages that are upside down.

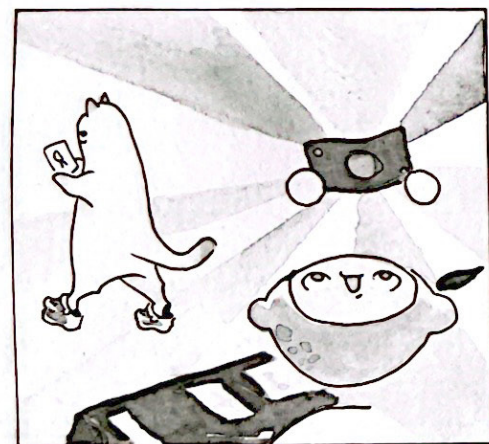

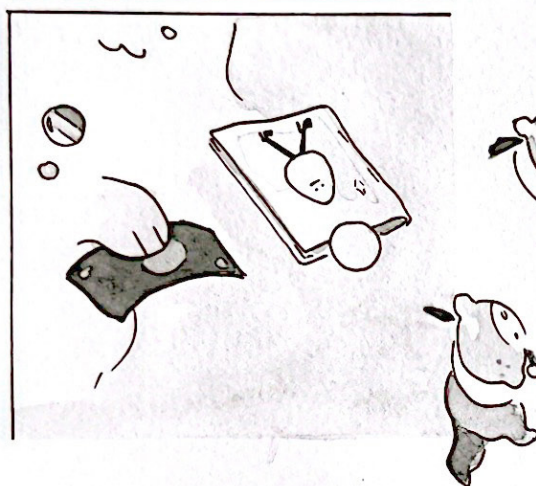

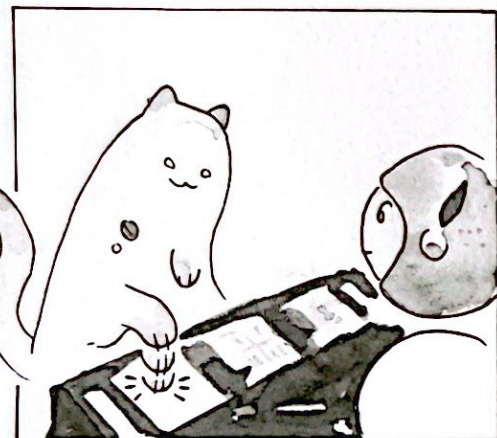

Here you have the rest
